Qualifying Time Period usually begins with the final board approval of the application and extends generally for the following two complete tax years.

Column A:  
This represents the total dollar amount of planned investment in tangible personal property the applicant considers qualified investment - as defined in Tax Code §313.02(1)(A)-(D). For the purposes of investment, please list amount invested each year, not cumulative totals.

Column B:  
For the years outside the qualifying time period, this number should simply represent the planned investment in tangible personal property. Include estimates of investment for "replacement" property-property that is part of original agreement but scheduled for probable replacement during limitation period. The total dollar amount of planned investment each year in buildings or nonremovable component of buildings that the applicant considers qualified investment under Tax Code §313.02(1)(E).

Column D:  
For the years outside the qualifying time period, this number should simply represent the planned investment in new buildings or nonremovable components of buildings. Dollar value of other investment that may not be qualified investment but that may affect economic impact and total value for planning, construction and operation of the facility. The most significant example for many projects would be land. Other examples may be items such as professional services, etc.

Note: Land can be listed as part of investment during the "pre-year 1" time period. It cannot be part of qualifying investment.

Notes: For advanced clean energy projects, nuclear projects, projects with deferred qualifying time periods, and projects with lengthy application review periods, insert additional rows as needed. This schedule must be submitted with the original application and any application for tax credit. When using this schedule for any purpose other than the original application, replace original estimates with actual appraisal district data for past years and update estimates for current and future years. If original estimates have not changed, enter those amounts for future years.

Additional Owner's properties are continued on following page(s).  
The above tax estimates use last year's tax rates for the taxing units. The governing body of each unit -- school board, county commissioners, and so on -- decides whether property taxes increase. The appraisal district only determines your property's value. The taxing units will set tax rates later this year. The Texas Legislature does not set the amount of your local taxes. Your property tax burden is decided by your locally elected officials and all inquiries concerning your taxes should be directed to those officials.

Contact the appraisal office if you disagree with this year's proposed value for your property or if you have any problems with the property description or address information. If the problem cannot be resolved, you have a right to appeal to the appraisal review board (ARB). To appeal, you must file a WRITTEN protest with the ARB before 6/18/2009. Enclosed is a protest form to mail or bring to the appraisal district office at the address above before the above date. The ARB will begin hearings on 6/15/2009. Additional Owner's properties are continued on following page(s).

The above tax estimates use last year's tax rates for the taxing units. The governing body of each unit -- school board, county commissioners, and so on -- decides whether property taxes increase. The appraisal district only determines your property's value. The taxing units will set tax rates later this year. The Texas Legislature does not set the amount of your local taxes. Your property tax burden is decided by your locally elected officials and all inquiries concerning your taxes should be directed to those officials.

Contact the appraisal office if you disagree with this year's proposed value for your property or if you have any problems with the property description or address information. If the problem cannot be resolved, you have a right to appeal to the appraisal review board (ARB). To appeal, you must file a WRITTEN protest with the ARB before 6/21/2009. Enclosed is a protest form to mail or bring to the appraisal district office at the address above before the above date. The ARB will begin hearings on 7/03/2009. The ARB will notify you of the date, time, and place of your scheduled hearing. Enclosed also is information to help you in preparing your protest. You do not need to use the enclosed form to file your protest. You may protest by letter, if it includes your name, your property's description, and what appraisal office action you disagree.

The above tax estimates use last year's tax rates for the taxing units. The governing body of each unit -- school board, county commissioners, and so on -- decides whether the property taxes increase. The Appraisal District only determines your property's value. The taxing units will set tax rates later this year. The Texas legislature does not set the amount of your local taxes. Your property tax burden is decided by your locally elected officials, and all inquiries concerning your taxes should be directed to those officials.

Contact the appraisal office if you disagree with this year's proposed value for your property, or if you have any problems with the property description or address information. If the problem cannot be resolved, you have a right to appeal to the Appraisal Review Board (ARB). To appeal, you must file a WRITTEN protest with the ARB before protest deadline. Enclosed is a protest form to mail or bring to the appraisal district office at the address above before the above date. The ARB will notify you of the date, time, and place of your scheduled hearing. Enclosed also is information to help you in preparing your protest. You do not need to use the enclosed form to file your protest. You may protest by letter, if it includes your name, your property description, and what appraisal office action you disagree with.

If you have any other questions or need more information, please contact the appraisal office at the phone number or addresses listed above.
